About me

I'm a Machine Learning Engineer from Porto, passionate about turning research into practical AI solutions. Curious by nature, I thrive in collaborative environments and focus on building systems that are both intelligent and impactful.

Experience

DELOITTE PORTUGAL

GenAI/ML Engineer

Sep 2025 to Present | Hybrid

- Design and deploy ML solutions across major cloud providers, focusing on scalability, automation, and measurable business impact.
- Integrate predictive models in enterprise workflows with cross functional teams.

INESCTEC

Machine Learning Researcher

Sep 2024 to Aug 2025 | Hybrid

- Research on LLM agents and time series forecasting with emphasis on model adaptation and evaluation.
- Published at **IEEE PowerTech 2025**: *Synthetic Data Generation for Time Series Imputation: Comparing the Foundation Model Chronos with Established Methods*.

ZERO TO ADVANCED ARTIFICIAL INTELLIGENCE

Machine Learning Intern

Mar 2024 to Aug 2024 | Remote

- Researched and compared deep learning methods for time series forecasting using transfer learning.

REDE CAPITAL SOCIAL

Full Stack Web Developer

Feb 2024 to Aug 2024 | Remote

- Developed full-stack web features integrating Python (Flask) and Google Cloud APIs.

Education

UNIVERSITY OF PORTO

Faculdade de Engenharia (FEUP) & Faculdade de Ciências (FCUP)

MSc in Artificial Intelligence

2024 to Present

BSc in Artificial Intelligence and Data Science

2021 to 2024

Projects

INESCTEC - EnerTEF

- Contributed to the European EnerTEF initiative led by INESC TEC, developing and validating AI tools for energy system analytics and forecasting.

Academic Study - AlphaZero (Reinforcement Learning)

- AlphaZero style neural network for Go and Ataxx with self play training loop.

Skills

PROGRAMMING

- Python: (Pandas, Scikit-learn, Pytorch, LangChain, Ollama, VLLM)
- Jupyter
- Bash / Zsh

TOOLS

- Git
- Docker
- L^AT_EX

STRENGTHS

- Generative AI
- Prompt Engineering & RAG
- LLM Agentic Systems
- Time Series Analysis and Forecasting
- Deep Learning
- Supervised Learning
- Reinforcement Learning

Awards

1ST PLACE • 2023

HACKATHON Critical
TechWorks and NUCC
DCC, FCUP, Porto

Languages

PORTUGUESE Native
ENGLISH Proficient

Interests

- Video games
- Cinema and TV Shows
- Practiced water polo for several years with Clube Fluvial Portuense, winning multiple national championships. Currently maintain an active gym routine
